

Next Level Leadership Training and Coaching Program is a structured program with a leadership coach to develop 'inspired' leaders and bring out the best in your leadership. It is based on the idea that a training program utilising a coaching process is a powerful way to create innovative and dynamic leaders.

### WHY A LEADERSHIP COACHING PROGRAM?

Engaging process that will help you become a better leader.

Encourages leaders to take ownership, more control, and responsibility.

Increases productivity by increasing a leader's motivation and enhancing performance management through promoting positive accountability.

Next Level is a powerful tool to help leaders implement what is being learnt and ensures follow-up to apply the leadership learnings.

### HOW IT WORKS?

Next Level is for leaders and people with potential. (i.e. directors, executive officers, managers, potential leaders, high expectation graduates, etc...). This program was written by a coaching psychologist with more than 15 years experience working with people, promoting strengths and bringing out the best in people. The program draws from well established psychological and coaching models.

### WHAT HAPPENS?

Next Level consists of 3 components:

1. A leadership coach, who you will meet with for individual sessions over the length of the program.
2. Lessons and activities, to reflect on and complete in between coaching sessions.
3. Action plans to be developed at every session.

This training and coaching program is set apart from standard management technique in that the focus is on the individual and what they want to accomplish to be successful. Leaders often know what is best for themselves and their performance on the job. Leaders "own" the results plus the process and are more likely to do what needs doing and be happier and more productive in the process.

The training and coaching program focuses on identifying key areas in your leadership future, creating a plan, and committing to action, with ongoing follow-up and development of goals to reach the next level in your leadership role.

### HOW MUCH DOES IT COST?

The program costs \$3500 for the 3 month program, \$6500 for the 6 month program (incl. GST). Each program cost includes all sessions, the Next Level manual, and involvement in accountability to seniors or boards as required.
